Most Recent Top/Hot Titles!

World on the Brink! Chuck Missler

Chuck, using information and contacts from all over the world, gives an economic and political update that shows just how close we are to the Rapture of the Church. Although much of the information is uncomfortable to learn, it's a must-know in these latter days for Christians anywhere in the world.

Satanic Strategies Targeting YOUR Church Ray Yungen

Ray is one heck of a researcher. With over 90% (some claim 99%) of the churches today embracing some form of "Emergent" or "Purpose Driven" philosophies, there's a good chance YOUR church has too—or is being targeted. The "falling away" is moving full steam through the country and Ray shows how to recognize and stand against this Satanic tidal wave!

The Miracle of Israel Dave Reagan

This was the most information-rich presentation of the year! Dave takes you on a remarkable journey through Israel's last 100 years with great visuals and enthusiasm to match. Many Christians take a cavalier attitude toward Israel, its rebirth, and its future. But Dave combines Bible verses with history showing why it's vital for Believers to keep Israel front and center in our prayers and support. Outstanding!

Global Government Unleashed Gary Kah

Reading today's newspaper is reading Bible prophecy fulfilled! And Gary's presentation, mincing no words, shows in no uncertain terms where we are and where we're headed. This is a must-see for any Christian who doesn't have his/her head in the sand! Eye-opening!

Our Amazing Universe Russ Miller

Using breathtaking slides, Russ will take you from the outer limits of the universe all the way down to your body's single cell—a journey that will forever change the way you view God's greatness!

The Best of Frank Peretti Live! Frank Peretti

Imagine, all six of Frank's awesome *Steeling* presentations edited into a one-hour, non-stop presentation. Frank makes you laugh, cry and think, all at the same time!

How to Love Your Spouse—Regardless! Greg Knapp

The entire conference was so quiet you could hear a pin drop as Greg, a retired attorney, shared his God-given understanding of true agape love. This simple outline was used in counseling everyone who came to him for a divorce, resulting in reversing the decision to divorce by 70% while putting them on track for an incredible, joyful, interesting, loving, wonderful life together!

The Magic of 666

And he causes all, the small and the great, and the rich and the poor, and the free men and the slaves, to be given a mark on their right hand, or on their forehead, and he provides that no one should be able to buy or to sell, except the one who has the mark . . . Revelation 13:16-17

The coming cashless society is, quite frankly, a great idea! Think about it . . . doing away with money will solve most, if not all, of our monetary problems—worldwide!

With the government now owning and/or controlling all the banks, this idea is actually feasible. And, considering today's technology it would not be a difficult thing to do. The government would just assign a number to every person on the earth and mark that number permanently on their right hand (or on the forehead if their arm is missing). Several companies are already using imbedded chips in cattle, dogs, cats and other animals with great success. No muss, no fuss. Works like a charm. Besides, there's really not much difference between a chip in a credit/debit card in your purse or wallet and a chip in your arm (or invisible ink on the back of your hand). Think of the possibilities:

All Taxes Collected

Every transaction could be controlled through a single central computer. Groceries, restaurant charges, furniture purchases, utilities, gas, clothes, supplies, business transactions, payroll . . . everything and anything purchased, could have their taxes collected on the spot. No more behind the scenes transactions to avoid paying taxes. And there would be no more reporting necessary. All those cumbersome retail tax filings, payroll tax deposits, etc. would be history. Everything would be taxed and paid at the transaction point.

All Income Taxes Paid

All your income and all your expenses would be part of the system, so no more fudging on your income taxes. Hey, you probably won't

even have to file taxes. They'll just take a percentage of every transaction and tell you how much you have left.

Robberies

There would be no more money-motivated bank heists because there wouldn't be any money in the bank to steal! Makes petty robberies a thing of the past. You also wouldn't have to worry about bounced checks—there are no checks! If someone tries to purchase something and they don't have the money, you would know immediately!

Identity Theft

You would never have to fear losing your check book or credit card again. Or having your identity stolen. Your permanent number would be attached to you and you would just wave it over the scanner to complete the transaction.

Illegal Drugs

Law enforcement officials have told us for years that the motive for drug sales is money, not drugs. Take away the money and presto, no more motive for selling drugs. What a wonderful world we would have without the drug problem.

Works Worldwide

This will work worldwide. Today, if you are in Jerusalem, and use a cash machine to withdraw Israeli Shekels from your personal bank account in the U.S., the approval (or disapproval) is instantaneous. There is no time difference between standing in front of the cash machine at your hometown bank and standing in front of the cash machine anyplace in the world.

So the system is in place! It's just a matter of time, or having some kind of real or perceived world-wide crises, and the wise ones will demand that this wonderful and fair system be hurried into action.

The devil, of course, is in the details. What group of nations is going to control this world-wide monster? What criteria will be used to determine which people get into the system, and who will be in charge of keeping out those that are not, shall we say, "desirable"? And with all that control, what if they needed more taxes? Would those in the system have any say in the matter? Could you get out if you wanted to? There are lots of questions. But most importantly, if you peek at the end of the best-selling book of all time, you can see it's Satan himself controlling this world-wide economic system and it turns into a living hell. Bummer, it was such a great idea!

"I've never had so much fun," says a **Pointe** from Illinois. That pretty much sums up the remarks we get each month from **Pointes** across America.

Now more than ever we want to get the word out about Jesus' offer of salvation and the Bible being 100% trustworthy for eternal truths. We want you to help us extend our reach. So, for \$20 a month, we'll send you two great past *Steeling the Mind Bible Conference* DVDs to give away. One is *The Bible's Big Picture*, a remarkable DVD that covers the entire Bible in 30 minutes—Adam to the New Heaven and Earth. The Bible says that God's Word is written on the heart of every person so the desire is built in to know about God. And in this day of instant grits, instant gratification and "give it to me NOW," the concept of a DVD with the "whole Bible in 30 minutes" is appealing to almost everyone. Anyone can do 30 minutes!

The second DVD we'll send you each month will rotate among our stand-up-and-yell arsenal of awesome *Steeling* DVDs, like *The Big Bang & the Bible*, or Frank Peretti's *The Chair*. Something fun and/or interesting, and most of all, scripturally sound

and defending a literal translation of the Bible. All you do is ask the Lord to open a door of opportunity and pass them out (Colossians 4:3).

Also, when you're witnessing to someone, and you want us to mail them *The Bible's Big Picture*, all you do is call or email us with their mailing address and we'll send it right out—as many and as often as you give us mailing addresses! You pay nothing, we even pay the postage!

Plus, as a **Compass Pointe**, if you wish to purchase any of our other 200+ incredible *Steeling the Mind* titles, as a **Pointe**, you pay only half price—\$10 each, no limit or minimum. And anytime you purchase *Steeling the Mind Bible Conference* tickets, you get them half price—as many as you want or need. Finally, if God makes it possible for you to join us on an awesome Israel trip, you'll receive a \$100 discount.

The idea is that, each month, we want to make it easy for you to, "do the work of an evangelist!" (2Tim 4:5). As a

Compass Pointe, you plant the seed and we'll water the ground. And your commitment is a low \$20 a month, billed to your credit card on a month-to-month basis, or paid by check. Easy to cancel anytime, by e-mail or phone. We'll be your resource . . . you'll be the **Pointe**!

What Jesus Said About the Timing of the Rapture

The three most often debated times for Rapture to occur are:

- 1) *Prior* to the 7 year Tribulation (Pre-Trib).
- 2) In the *middle* of the Tribulation (Mid-Trib).
- 3) *At the end* of the Tribulation (Post-Trib).

We believe Pre-Trib is the only time Rapture can occur if you are using a dispensational approach and interpret scripture using a literal hermeneutic. In other words, we take the Bible literally when ever possible. In the past, all Bible prophecy was fulfilled literally, so in the future we expect Bible prophecy to continue to be fulfilled literally (Ecc. 1:9).

The main benefit of using dispensational theology is to define time periods where God deals differently with humans, while He Himself

never changes. Therefore, when one dispensation ends, another begins. This, by definition, prohibits any overlap of dispensations. Since the Rapture marks the end of the Church Age dispensation, you can't have part of the tribulation in the end of the Church Age.

If the dispensation approach is confusing, Jesus, quite clearly, gave us a model to determine when Rapture occurs.

Matt. 24:37-39 *"For the coming of the Son of Man will be just like the days of Noah. "For as in those days before the flood they were eating and drinking, marrying and giving in marriage, until the day that Noah entered the ark, and they did not understand until the flood came and took them all away; so will the coming of the Son of Man be."*

This is a perfect and exact template for determining the timing of Rapture. We know that Jesus' statement can't be referring to the time of the 2nd Coming of Christ because the end of the Tribulation is horrible. The passage indicates "business as usual" and the Tribulation, is anything but, "business as usual." So this could only be referring to the time of the Rapture where there is an economy, food, drink and social events.

The template Jesus gave us (above) shows Noah building his boat in normal times. People are locked out of their only escape when God shuts the door on the ark. The ark floats up, above the destruction, returns back down to earth and a new dispensation begins.

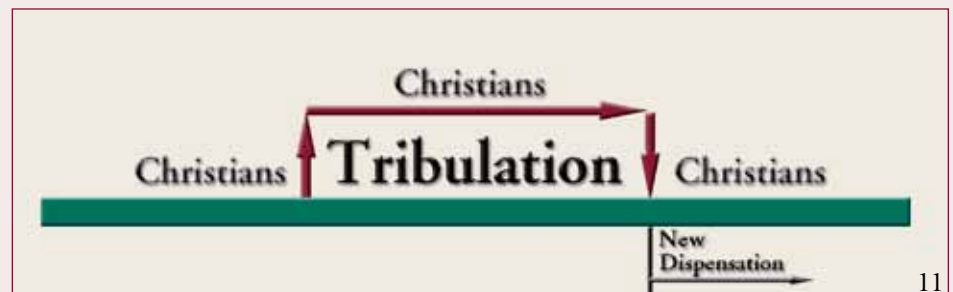

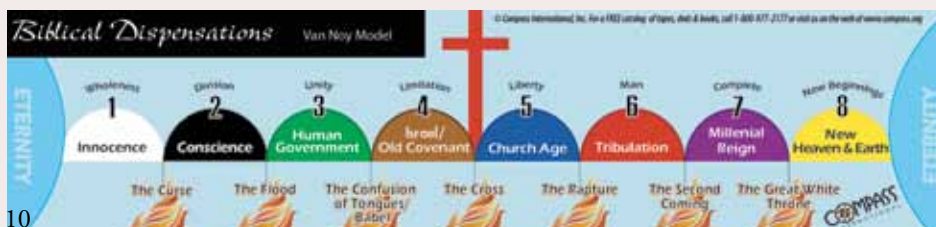

Jesus said the same situation would be true just prior to the Rapture (see graph

below). People will be living in normal times with plenty of food, drink and social events. Then Rapture happens (God shuts the door—Jesus is the door). Those Raptured are taken up, above the tribulation below, and return to the earth to begin a new dispensation.

Jesus said that just as Noah was pre-flood, Rapture will be pre-tribulational. Not mid-flood/mid-trib or post-flood/post-trib. Jesus confirms Rapture is pre-trib.

Compass just recorded a new DVD titled *Stealing Studies*—Five "make you think" mini-Bible studies that you've probably never heard before. This material is one of the five studies and you can order this DVD on page 31, by phone 800-977-2177, or on the web at compass.org.
