It's hard to believe but about 80% of all Christians are in churches that embrace some form of A-millennial theology! They teach Israel is not in the future, we're now in the millennium, and the tribulation has already happened in 70 AD. Really? Paul shows the absurdity with this doctrinal bent and the problems created worldwide. The Tribulation is a fascinating future seven year period when God begins to again focus His earthly plan squarely back on the Jews in Israel.
