COMMUNIQUE

Defending the accuracy of the Bible

Creation, Noah and Jonah *How much do you trust the Biblical accounts of God's miracles?*

The three most widely recognized miracles in the Bible are:

- 1) God creating the earth and heavens in six literal 24 hour days.
- 2) Noah and family sole survivors of a worldwide flood in an ark.
- 3) Jonah surviving three days and nights in the belly of a great fish.

A surprisingly large number of "Bible believing" Christians don't believe that one or more of these three Biblical accounts are literally true. Yet Jesus himself mentioned all three of these miracles!

Matt. 12:40 ". . . Jonah was three days and three nights in the belly of the sea monster . . ."

Matt. 24:38-39 ". . . Noah entered the ark . . . the flood came and took them all away"

Mark 13:19 ". . . has not occurred since the beginning of the creation which God created . . ."

Much of the problem of Christians disbelieving the Word of God can be traced to the three-generational-push of the theory of evolution in our public schools. Except they don't call it a theory, rather, they unabashedly, and incorrectly, refer to evolution as scientific fact.

Genesis 1:1 *"In the beginning God created the heavens and the earth."*

The Bible says God "created" the heavens and the earth-by speaking them into existence. But because our public schools have been teaching "god-less evolution" as "fact" to millions of our children on a daily basis, Satan has effectively undermined the credibility of God's amazing creative work, which in turn, casts doubt on the rest of the Bible's accuracy and authenticity.

The Gap Theory

One of the results of public schools hammering away at evolution as fact is that today, there are millions of Christians, laymen and pastors alike, who believe the "gap theory." This theory teaches that evolution happened between Genesis 1:1 and 1:2. A lot of university educated Christians latched onto this theory because they thought they could believe both in the Bible and "science." Few understood the ramifications of embracing this god-less compromised belief. But if you believe the Gap Theory, it means you believe that death came before sin. Yet the Bible clearly teaches sin proceeded death (Rom 5:12). The Gap Theory, therefore, is highly unbiblical.

Why it matters that Genesis 1 is accurate

Genesis 1 is the foundation to the whole Bible. Therefore the credibility of the entire Bible is dependent on the accuracy of Genesis 1. If Genesis 1 is not literal and accurate, then everything else in the Bible could be wrong also. The creation account, mirroring Genesis 1, is mentioned all thorough the Bible, here are some examples:

Deut. 4:32	Psa. 148:5	Mal. 2:10	Mark 13:19
Col. 1:16	1Tim. 2:13	Eph. 3:9	1Pet. 4:19

Rev. 10:6	1Cor. 11:9	Rom. 1:20	Matt. 19:4
Heb. 9:11	2Pet. 3:4	Eccl. 12:1	Is. 27:11

Luke 11:40	Acts 14:15	Plus others.	

Therefore, if Genesis 1 is not factually correct, word for word, then you have mistakes throughout the Bible and none of it should be trusted.

At *Compass*, we defend the accuracy of the Bible. Every word, in the original languages. We believe God gave us 100% accurate and defensible information. So what do we have to defend a literal 6 day creation?

Ask any scientist, physicist, molecular biologist, etc., if DNA is a design, and you will get a "yes" answer. DNA (deoxyribonucleic acid) is intricately designed and no educated person will deny it. DNA is in every living thing. It is our unique design code, the blueprint of the building blocks of our bodies. And it is a self-correcting code. Now, **if DNA is a design, there must be a "designer!"** And if it corrects itself, it can't "evolve."

Kent Hovind, a past speaker at *Steeling the Mind Bible Conferences*, was once debating evolution and his opponent stated that there are hundreds, maybe thousands, of kinds of dogs on the earth. And he asked Kent if he really believed that all those different kinds of dogs came from only two dogs on Noah's ark. Kent answered, "Yes I do believe they came from only two dogs. But let me point out that you think they came from a rock!" The audience roared!

The above simple illustration shows the absurdity of believing that two pieces of dirt can "evolve" into a complexly designed human full of emotion. Yet that is what is being taught in our schools.

To provide scientific defenses of the Biblical account of creation and combat the god-less theory of evolution, we have had the best and brightest men, most with PhD credentials, take on the tough subject of "creation vs. evolution" at our *Steeling* conferences. Each of these presentations have been recorded live-to-tape and are available to view scientific evidences that defend God's creative work. They are humorous, visual, and quite informative providing the viewer with fact after fact of why the Bible's account of creation better fits the theory of creation over the theory of evolution.

Here are five of our top titles available that excellently defend God's Creation. Order 'em, watch 'em and pass 'em around!!

In the event that you must cancel your reservation (assuming no insurance or a non-covered reason), or payments are not received by specified deadlines, refunds are made in accordance with the following schedule:

Per person cancellation fee, if notice is received:

- * 140 days or more prior to your departure date: Cancellation fee is \$500 per person plus any domestic air and insurance or add-on travel you have purchased.
- * 139-90 days prior to your departure date: Cancellation fee is \$1,000 per person plus any domestic air and insurance or add-on travel you have purchased.
- * 89-0 days prior to your departure date: Cancellation fee is 100% of package price or deposit (the insurance allows cancellation for covered reasons).

Refunds and Problems

(a) Unused Trips: No refund will be made for any transportation, accommodations or services included in the trip price which you, by your choice, do not use.

(b) Connecting Flights: Passengers booking their own domestic flights are advised to allow ample time (minimum 3 hours) between connecting flights from your hometown and the international flights included in the package. We recommend you use the *Compass* appointed travel agent to book your domestic flights for you. We regret we cannot be held responsible for missed connections due to weather or mechanical problems. We strongly recommend you purchase trip insurance.

Fuel Charges

With the price of fuel moving up and down like a yoyo, the airlines and cruise operator have given us a price of fuel "not to exceed." If at the time of sailing, fuel does exceed the contractual amount, a surcharge will be added. The cost will be pro-rated among all passengers not to exceed \$25 per passenger. (This has happened only once in our last eight cruises.)

Responsibility

Compass has the responsibility of booking with airlines, hotels, condominiums, ground operators, guides, and cruise lines to provide you with these services. The carriers, hotels, cruise lines, and other suppliers providing services are independent contractors and are not agents, employees, or servants of, or joint venturers with, *Compass* or its affiliates. All certificates and other travel documents for services issued by *Compass* are subject to the terms and conditions specified by the supplier, and to the laws of the countries in which the services are supplied. Each participant agrees not to hold *Compass International Inc.*, its employees, or trip leaders liable, in the absence of its own negligence, for any loss, act or omission, whether negligent or otherwise, of any person or firm which is to, or does provide goods or services for the trip and shall have no liability to the participant for the quality of services or the condition or cleanliness of accommodations or for any transportation delay, including but not limited to liability for inconvenience, shortened vacation time, additional expense, or any other kind of damage. *Compass* is not

responsible for government actions, weather, mechanical breakdowns, war, terrorism, acts of nature (secularly known as "Acts of God"), or other circumstances beyond its control. (Insurance is included that covers most of these plus other coverages.) If a travel ban is imposed by the United States on any country we are scheduled to visit, another route or port may be substituted.

In the past we have always traveled to Israel under State Department "travel warnings" without incident and expect to do so in the future. In the event of delay, the airline or cruise line, and not *Compass*, determines delay procedures and the amenities/compensation, if any, to be offered.

Optional Trip Activities

Excursion Activities Trip participants may choose to engage in various activities including, but not limited to, swimming, jogging, water sports, horseback or camel riding, car rental traveling, ship-board activities and other "activities"; participants are hereby notified that these activities may be dangerous and may result in a serious injury and that participation in these activities shall be at the participant's own risk. *Compass* shall not be liable for any injuries sustained by trip participants, which are a result of participant's engaging in such activities.

Travelers Who Need Special Assistance

Compass must be advised of a participant's special requirements at the time of booking and we will make every effort to accommodate special requests, but cannot confirm a reservation until all travel suppliers have acknowledged that they can provide the services requested. Note: It is possible that *Compass* or its suppliers may have to deny boarding if prior notification of special need is not given. We regret that, due to the nature of the planned itinerary, we cannot guarantee full participation to a member whose physical needs cannot be met. However, the average age of past trips is 55 and roughly 98% enjoy full participation at each site.

Major Changes

"Major changes" constitute only changes in the trip's departure city and/or departure dates by more than 72 hours, hotel substitutions of lower quality; or a price increase exceeding 10 percent of the trip price occurring 21 or more days before departure; whereby *Compass* shall notify participant(s) within 14 days after first knowing of such change, but in any event at least 21 days before scheduled departure. If *Compass* first learns of a major change less than 21 days before scheduled departure, *Compass'* liability is limited to a full refund excluding insurance paid.

Compass has contracted with certain hotels to supply accommodation. Occasionally, the accommodation reserved is not available for a variety of reasons (*i.e.* unexpected maintenance problems, guest stay-overs, and overbooking by the hotel) and a substitute hotel of equal or greater quality is provided. In the event of your hotel standard being substantially downgraded, a refund reflecting the difference in price will be issued. The governing laws of the State of Idaho shall prevail and any dispute may be resolved in the City of Coeur d'Alene by means of arbitration. The prevailing party of any dispute will be entitled to recuperate pertinent legal fees and costs from the other party.

We highly recommend that you purchase trip protection. The coverage includes sickness, death or accident of immediate family or travelling companion, trip interruption, and lost baggage. It covers pre-existing conditions if you purchase it when you first sign up for the trip. You will receive a complete policy in the mail after you register.
